

MV NETWORK UPDATE NOVEMBER 2013

NGK Stanger Australian are part of the global NGK network, but also have a long history of supply into their local markets of New Zealand, Australia & South East Asia.

NGK-S manufacture quality distribution & transmission outdoor switchgear which is either assembled or entirely made in Melbourne, we are pleased to say that NZ Insulators proudly manufactures a range of porcelain components for the NGK Stanger product range including the LV, MV and HV Isolators, LV Fused Disconnects, EDO Drop Out Fuse carriers, Air Break and Gas Switches, Station Posts and Bushings for NGK-S product range.

NGK-S and NZI have strong business partnerships which have grown over decades of mutual support.

In turn NZI have an exclusive agency agreement to distribute NGK Stanger products in New Zealand. Check out the NGK-S website www.ngkstanger.com.au or their 2013 catalogue from the NZI website www.nzinsulators.co.nz
